WHAT'S NEW

BRENTWOOD UNION SCHOOL DISTRICT JOINS CW-FIT STUDY

Brentwood Union School District (BUSD) in Northern California, is the fourth district to join the research project, Supporting High-Needs Elementary Students with the CW-FIT Program-Building for Scale and Sustainability. The BUSD pilot school implemented CW-FIT this month using the new CW-FIT District Coaching Model. This model allows each participating district to take CW-FIT to scale by certifying the District Coaches to train and support teachers while they implement our effective and research-based classroom management system.

Welcome Brentwood Union School District! We look forward to working with you.

UPCOMING EVENTS

CW-FIT WILL PRESENT AT THE FOLLOWING CONFERENCES:

- **Midwest Symposium for Leadership in Behavior Disorders (MSLBD)**
Kansas City, MO, February 23-25

DID YOU KNOW?

Students benefit from both prevention and intervention when good classroom management tactics are implemented at the general level in a tiered format.

IN THE SPOTLIGHT

CAROL BENNINGHOVEN, 2ND GRADE, GENERAL EDUCATION TEACHER

Carol is a 2nd grade, general education teacher in the Mount Diablo School District in California. She began implementing CW-Fit in November of 2022 with a class of thirty-one students with a variety of learners. She has English Language learners, autism magnet and benchmark learners, and students who were new to the United States in 2022. Her school is a Title 1 school which receives funding from the state to provide additional services for their students.

How has CW-FIT helped you with managing your classroom and students?

Although I had been teaching for 30 years before I started using CW-FIT, it has helped my class go from being distracted and unmotivated to being focused and on-task. My students needed specific directions and visuals for them to follow directions and stay focused. CW-FIT provides that with pictures, specific directions, and rewards for meeting those expectations. It is also a team-building program that uses collaborative work among groups of students to motivate each other which my students were very responsive to.

How has CW-Fit helped your students?

Even though we don't use CW-FIT for every single lesson, the habits that have formed from CW-FIT lessons have carried over to the overall tone and structure of the classroom.
